

Uniwell4Cafés

POS Ready

Congratulations on your purchase of a new Uniwell4Cafés POS Ready system. We are sure that your new Uniwell ET-2500 touchscreen POS will provide an excellent solution for your key Café point of sale requirements. But we also want to take this opportunity to make you aware of some of the optional features and peripherals that are available to you, allowing you to be confident that your POS system can grow as your business does.

Optional POS Functionality

- ✓ Graphical table layouts
- ✓ Cooking instructions, condiments for kitchen printing integration
- ✓ Staff Time & Attendance (Clock In / Out) recording
- ✓ Meal Deal promotions, deposit tracking
- ✓ ... and much, much more

Phoenix Handheld Ordering

- ✓ Improve service efficiency using handheld order terminals
- ✓ Easy integration using Uniwell's Phoenix software
- ✓ Compatible with your ET-2500 terminal
- ✓ Works on many Android devices

Integrated Kitchen Video Display

- ✓ Improve kitchen efficiency with an easy to use KVD system
- ✓ Customisable operation
- ✓ Detailed reports
- ✓ Works with VGA compatible monitors

Upgrade to Uniwell Lynx (full version)

- ✓ Extra sales and management reports
- ✓ Email and cloud reporting
- ✓ 'Live' feed of terminal journal data
- ✓ Scheduled POS communication
- ✓ Optional 'Export to Xero' add-on

Wholesale Customer Account Tracking

- ✓ Allow corporate customers to purchase items at your POS terminal and charge them to their account
- ✓ Collect Customer Sales with the Uniwell Lynx Customers module and produce reports, send statements and promotions
